E-mail: hakca@uaeu.ac.ae

Dear Colleagues,

We are pleased to announce the launching of our new journal “**International Journal: Mathematical Manuscripts (IJMM)**”. We would like to invite you to submit your original papers, for possible publication in **IJMM**, which publishes top-level original and review papers, in ordinary and partial differential equations with an interest at the intersection of analysis and applications. All submissions should be made electronically to the Editor-in-chief through: (EIC: hakca@uaeu.ac.ae). More information on the journal and the publishing process can be obtained at: www.ripublication.com/ijmm.htm

The **International Journal: Mathematical Manuscripts (IJMM)** is an international research journal, which publishes top-level original and review papers, in ordinary and partial differential equations with an interest at the intersection of analysis and applications. Areas and subareas of interest include (but are not limited to) classical topics of the theory of differential equations; applied mathematics and different kinds of nonlocal interactions; dynamical systems; combinatorics; graph theory; ODE, PDE; functional equations; integral and differential inequalities and inclusions; differential games; control theory; dynamical systems; probability, statistics and stochastic processes; statistical mechanics; quantum theory; relativity and gravitational theory; integral and differential operators; special functions; generalized functions; operator research and algebraic analysis; fluid mechanics; mechanics of particles and systems; mathematical programming and optimization; approximation theory; applications in mechanics, physics, chemistry, biology, technology, economics and industrial problems and more...

Author benefits

The benefits of publishing in International Journal: Mathematical Manuscripts (IJMM) include:

- * Fast publication times: your paper will appear online as soon as it is ready, in advance of print version
- * Excellent editorial standards
- * Free colour in electronic version
- * Access free on-line issue of journal for one year.
- * A rigorous, fast and constructive peer review process
- * All abstracts and full text available free on-line to all main universities/institution worldwide.

We shall be glad to receive your technical contributions at your earliest convenience. Please publicize this new journal amongst your colleagues for possible contribution and subscription.

With Kind Regards,

Haydar Akça, Editor-in-chief

International Journal: Mathematical Manuscripts
