Dear Colleagues,

We would like to invite you to submit manuscripts of your original papers, for possible publication in **International Journal of Theoretical and Applied Mechanics (IJTAM)**, which is a peer-reviewed periodical covering all areas of theoretical and applied mechanics. All submissions should be made electronically to the Editor-in-chief through: (E-mail: hjsung@kaist.ac.kr). More information on the journal and the publishing process can be obtained at: www.rippublication.com/ijtam.htm

The **International Journal of Theoretical and Applied Mechanics (IJTAM)** is an international research journal, which publishes top-level work from all areas of theoretical and applied mechanics including theoretical, computational, and experimental aspects, as well as theoretical modeling, methods of analysis and instrumentation. It includes basic discipline-oriented areas such as dynamics, continuum mechanics, solid and fluid mechanics, structures, heat transfer, tribology, geomechanics, and biomechanics, as well as inter-disciplinary subjects such as new numerical and computational techniques, systems control technology, engineering design tools, manufacturing technology, materials and energy technology, and environmental engineering.

Author benefits

The benefits of publishing in *International Journal of Theoretical and Applied Mechanics* includes:

- * Fast publication times: your paper will appear online as soon as it is ready, in advance of print version
- * Excellent editorial standards
- * Free colour in electronic version
- * Access free on-line issue of journal for one year.
- * A rigorous, fast and constructive peer review process
- * All abstracts and full text available free on-line to all main universities/institution
Worldwide ensures promotion to the widest possible audience.

We shall be glad to receive your technical contributions at your earliest convenience. Please publicize this journal amongst your colleagues for possible contribution and subscription.

With Kind Regards,

Hyung Jin SUNG, Editor-in-chief

International Journal of Theoretical and Applied Mechanics
