### **Call for Papers**

#### **Editor-in-chief:**

**Prof. J. N. Pandey**

School of Mathematics and Statistics

**Carleton University**

Ottawa, Ontario, K1S5B6 Canada

Email: [jpandey@math.carleton.ca](mailto:jpandey@math.carleton.ca)

Dear Colleagues,

We are pleased to announce the launching of our new journal “ **Journal of Wavelet Theory and Applications (JWTA)**”. We would like to invite you to submit your original papers for possible publication in **JWTA** which publishes top-level work from all areas of theories and applications, concentrating on the practical applications of the wavelets. All submissions should be made electronically to the editor-in-chief ([jpandey@math.carleton.ca](mailto:jpandey@math.carleton.ca)). More information of the journal and the publishing process can be obtained at: [www.rippublication.com/jwta.htm](http://www.rippublication.com/jwta.htm)

**Last date of submission of paper for first issue: 31st March 2007.**

The *Journal of Wavelet Theory and Applications (JWTA)* is an international research journal, which publishes top-level work from all areas of theories and applications, concentrating on the practical applications of the wavelets. Areas and subareas of interest include (but are not limited to) wavelet analysis, wavelet transforms, time-frequency signal analysis, gabor frames, wavelet methods for time series analysis, time-frequency and time-scale methods, biomedical imaging, multiresolution analysis, multiscale signal processing, data analysis, partial differential equations, sampling, wavelets in physics, wavelets and subbands, statistical applications and data analysis, approximation theory, wavelet applications in topography, nonlinear optics, and compression and more...

#### **Author benefits**

The benefits of publishing in *Journal of Wavelet Theory and Applications* includes:

- \* **Fast publication times:** your paper will appear online as soon as it is ready, in advance of print version.
- \* Excellent editorial standards.
- \* **Access free on-line issue of journal for one year.**
- \* A rigorous, fast and constructive peer review process.
- \* **All abstracts and full text available free on-line to all main universities / institution worldwide**

**ensures promotion to the widest possible audience.**

We shall be glad to receive your technical contributions at your earliest convenience. Please publicize this new journal amongst your colleagues for possible contribution and subscription.

With kind regards,

J. N. Pandey, Editor-in-chief
