Dear Colleagues,

We would like to invite you to submit manuscripts of your original papers, for possible publication in **International Journal of Genetic Engineering and Biotechnology (IJGEB)**, which aims to publish all the latest and outstanding research articles, reviews and letters in all areas of major importance to Techniques of Genetic Engineering and applied research. All submissions should be made electronically to the Editor-in-chief through: (EIC: irpeditor@gmail.com). More information on the journal and the publishing process can be obtained at: www.irphouse.com

The International Journal of Genetic Engineering and Biotechnology (IJGEB) is an international research journal. which address applications genetic engineering and Biotechnology on microorganisms in large scale industrial and environmental processes as well as those covering the indicators of global climate changes shall be included. Research on other topics, such as production of valuable microbial products via fermentation processes such as production of antibiotics, microbial enzymes, bio-fuels or pharmaceuticals in the context of bio-discovery and bio-business relating to sustainable global development shall also be included.

Submission: Authors are requested to submit their papers electronically to irpeditor@gmail.com with mention journal title (**IJGEB**) in subject line.

Author benefits:

The benefits of publishing in **International Journal of Genetic Engineering and Biotechnology (IJGEB)**, includes:

- **Fast publication times:** your paper will appear online as soon as it is ready, in advance of print version (review time of paper is 3-4 weeks)
- Excellent editorial standards
- Access free on-line issue of journal for one year
