Call for Papers

Editor-in-chief:

Dear Colleagues,

We would like to invite you to submit manuscripts of your original papers, for possible publication in **Communications in Applied Geometry (CAG)**, which publishes top-level work on all areas of geometry and its numerous applications. All submissions should be made electronically to the Editor-in-chief through: (EIC: submit@rippublication.com). More information on the journal and the publishing process can be obtained at: www.rippublication.com/cag.htm

The Communications in Applied Geometry (CAG) is an international research journal, The journal emphasizes articles devoted to the mathematical treatment of questions arising in, but not limited to, synthetic geometry, computational geometry and applications to architecture, biology, chemistry, physics and engineering, including computer-aided geometry design (CAGD), computer graphics, constructive solid geometry (CSG), operations research, pattern recognition, robotics, solid modeling, and VLSI routing/layout. High quality original research articles on classical analysis, partial differential equations, algebraic geometry, differential geometry and topology, particularly those that stress analytic aspects and novel problems and their solutions are also considered.

Submission: Authors are requested to submit their papers electronically to submit@rippublication.com with mention journal title (**CAG**) in subject line.

Author benefits:

The benefits of publishing in **Communications in Applied Geometry (CAG)**, includes:

- **Fast publication times:** your paper will appear online as soon as it is ready, in advance of print version (review time of paper is 3-4 weeks)
- Excellent editorial standards
- Access free on-line issue of journal for one year
- A rigorous, fast and constructive peer review process
- All abstracts and full text available free on-line to all main universities/institutions worldwide ensures promotion to the widest possible audience.

We shall be glad to receive your technical contributions at your earliest convenience. Please publicize this journal amongst your colleagues for possible contribution and subscription.

With kind regards,

Editor-in-chief

Communications in Applied Geometry (CAG)
